## TRIAL MEMBERSHIP

Trial Membership is designed for those to see if they enjoy the sport of athletics and the club. It is only available to new members of the club and allows 2 of our regular club competition days. After the 2 trial weeks, the balance of the full membership must be made otherwise they no longer participate. Those who have completed the trial period cannot then opt to do the Visitor category at any time during the year. Upon payment of the full balance of membership, the full membership entitlements are available.

## DAY VISITOR

The Day Visitor option is designed for athletes aged 10 and over who may not be able to attend most of our club days but still wish to participate every now and then. This is also known as a day registration and a fee of \$15 per club competition day is to be paid before participation.

\* Members of other athletics clubs are welcome but are limited to no more than 4 visits in a year. Club records broken will be recognised. Higher participation fees may also be applicable for local and regional carnivals. Some meets may not allow day registrations. Mackay Athletics Club has the right to change, not accept athletes or no longer offer day registrations at any time
